Wendy McMULLEN, Scotland

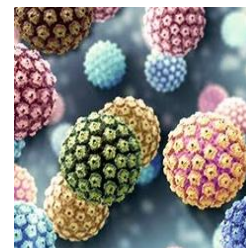

Nico WENTZENSEN, USA

in collaboration with

International Agency for Research on Cancer

Colposcopy and Cervical Cancer Prevention course

Sponsored by / *Endorsed by*

United Nations Population Fund

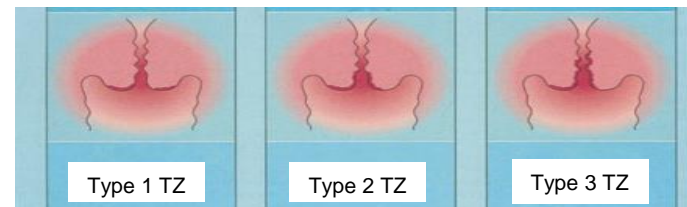

African Organisation for Research and Training in Cancer

European Federation of Colposcopy

La Société Française de Colposcopie et de Pathologie Cervico-Vaginale

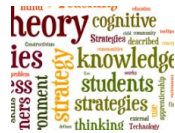

A comprehensive, multimodal training course incorporating theoretical knowledge, image recognition and clinical skills followed by an exit examination and a certificate of course completion for successful trainees

At a glance

Comprises 4 modules
(over approximately 12 months)

1. Theoretical knowledge

25 - 30 online video recorded lectures delivered weekly over 6 months, each followed by MCQs

2. Image recognition skills

~28 case images delivered weekly (6 months)

3. Case management skills

Individual video recorded cases delivered

4. Clinical colposcopy skills

Mandatory attendance at an accredited colposcopy trainer's clinic to perform 30 **directly** supervised cases

Mandatory performance of 70 **indirectly** supervised cases; recorded in designated logbook to be certified by the accredited trainer

Further information: ifcpc.org (Education & Courses)
or <http://screening.iarc.fr/>

Registration 1: Apply on-line through ifcpc.org

Registration 2: Eligible candidates will be cleared to sign-up

Coordinator: Evelyn Bayle colpodistancetraining@gmail.com

Eligibility and practicalities

Trainee requirements

- Eligible to practice colposcopy as per National regulations
- Has access to a colposcopy clinic
- Has Internet access
- Has the possibility to attend an accredited colposcopy clinic for practical training
- Has the necessary time available to complete course requirements
- Can attend the exit Objective Structured Clinical Examination (OSCE) at end of course (which may require to travel)

Trainer requirements

- Has adequate experience in colposcopy and management of screen-positive women
- Has sufficient time and clinical case-load to facilitate one or more trainee(s)
- Has time available to attend an IFCPC-IARC *Training the Trainers* seminar before the course
- Can complete the on-line theoretical course (free of charge to trainers) prior to taking on trainees
- Has sufficient clinical throughput to facilitate/enable the course for one or more trainee(s)

Cost (to trainees): US\$500 (does not include travel to sit the OSCE at a designated national centre)
